doctor is required.

Sandra Jamison, Owner
CCC-SLP

WELCOME TO TALKABOUT!

We are a charming clinic that is locally owned by Sandra Jamison. Our therapists are experienced, caring professionals dedicated to improving the quality of life for our community's special needs children. Sandi has over 32 years of experience in both public school and clinical speech settings. She began working in private therapy in 1998 out of the back of her car! The need to offer private therapy proved to be so great that Sandi opened the doors to Talkabout in 2000. She has since expanded the business to include occupational therapists and has hired five additional speech therapists. Let me introduce you to them and their areas of special interests...
